EDUCATION

Purdue University - West Lafayette, IN August 2025 - May 2028

Business Analytics & Information Management | Applied Math *(double major)* *Major GPA: 3.65*

Relevant Coursework: Economics, Management Information Systems, Multivariable Calculus, Accounting, Financial Management, Statistics

PROFESSIONAL EXPERIENCE

Project Management, Partnerships & Growth Intern | Corgi Inc (YC S24) June 2026 - August 2026

Atlanta, Georgia - Financial infrastructure tech startup (Promoted from sales intern)

- Led the launch of Corgi's Atlanta brick and mortar café, the first of 6 locations to open, finished in 10 days on a 2-week target, leading remote cross-functional teams over Zoom across permits, marketing, operations and supplies, driving $10K+ in first-week sales.
- Owned Atlanta's partnership and growth pipeline by building 12 partnerships through outreach and community networking, converting 80% of 32 local leaders into speakers and recurring collaborators.
- Planned and executed 5 events for 120+ attendees across 5 partner organizations on <1-week turnarounds, handling all logistics.
- Started and grew Corgi's Atlanta audience across 3 social platforms by A/B testing content; one reaching 150K+ views and 10K likes.

Business Operations Intern *(part-time)* **| Beagle** June 2026 - August 2026

Atlanta, Georgia

- Analyzed the hiring funnel to identify the root cause of a leadership-flagged bottleneck and designed a repeatable college recruiting process, growing hires from 1 to 5+/month; documented the playbook so it scaled into a company-wide college tour.
- Owned end-to-end sales candidate pipeline across 80+ applications and 17 interviews, delivering weekly reports to the national head of sales; used AI assistants (Claude) to build 3 automated Excel trackers adopted by 7 leadership members.
- Established monthly Beagle hiring events and coordinated the first event, curating 22 attendees and converting 3+ into full-time hires; the model is now adopted by 3 departments nationwide.
- Designed and delivered a recognition initiative for a key real estate client managing 150K+ doors, strengthening the partnership.

Product Lead and Researcher | SkinFit & Purdue University August 2025 - *Present*

- Founded SkinFit after identifying a gap in beauty tech for people with skin conditions, synthesizing personal experience and 50+ user surveys into product design.
- Led SkinFit to the Moonshot Competition finals as the youngest founder among 60 teams, earning a Purdue accelerator spot; own the roadmap from pitch to a December 2026 launch targeting 1,000+ users.
- Leading research with Prof. Prateek Jaiswal translating probabilistic and optimization methods into SkinFit's Python recommendation model, targeting 93% prediction accuracy for people with skin conditions.
- Engineered a Python (pandas) + SQL pipeline and Power BI audit dashboard for 26,000+ research records, flagging conditions under 2% representation and missing labels to guide data cleaning.

Software Engineer Intern | LifeWork Aug 2024 – July 2025

Alpharetta, Georgia

- Ran 20 stakeholder interviews and translated findings into product requirements and user stories for role-based portals.
- Built the Java app across the full SDLC, from requirements to deployment, supporting coordination for 200+ internship placements.

LEADERSHIP & CAMPUS INVOLVEMENT

Financial and Technical Consultant | Scope Consulting January 2026 - *Present*

- Built and presented a financial model and GTM strategy to Acarin leadership for its new AI product ($5M revenue), earning CEO approval; projected 2.53× ROI and $151.5K in annual savings.
- Mapped Viva Benefits' workflows across 3 systems and surveyed 11 staff, identifying automation opportunities projected to save ~16 hrs/week per employee.
- Selected 1 of 8 from 150+ applicants (5.2% acceptance rate)

Financial Analyst | Student Managed Venture Fund August 2025 - May 2026

- Led fintech research using PitchBook to shape the fund's investment thesis, presenting findings to 60+ stakeholders.

Treasurer | Purdue Rishi May 2026 - *Present*

- Managing an $8K budget and leading 2+ fundraisers per semester whose funds support healthcare and sanitation in rural India.

AWARDS

Best Speaker | Powershift Crowe Competition February 2026

- Won Best Speaker among 100+ participants by pitching market-entry for women's sports; ran revenue and market-sizing models.

Finalist | Moonshot Startup Pitch Competition August 2025
